# THE GOSPEL ACCORDING TO JAMES

A WORLD PREMIERE | by Charles Smith

**They survived history. But whose history?**

In 1930, James Cameron and Mary Ball emerged as the sole survivors of racial crimes in Marion, Indiana. Teenagers when the crimes occurred, they look back on those events and their lives in this World Premiere work commissioned by the IRT. As their past and present lives intermingle, Cameron and Ball discover that their remembrances of that day differ even if their experiences were the same – challenging us all to wrestle with the tensions between memory, history and redemption.

The Indiana Repertory Theatre would like to offer a special ticket promotion for all State of Indiana Employees, friends, families and colleagues to see the World Premiere of *The Gospel According to James* by Charles Smith.
